HOSPICE | 30 DE ANI
Casa
Speranței

At HOSPICE Casa Speranței we help the most vulnerable of Ukrainian refugees.

The HOSPICE Center at Adunații Copăceni hosts mothers and children, many of them with disabilities or life-threatening illnesses. We offer 40 accommodation places, along with medical and social services as well as psychological counseling.

Most of the refugees arrive here exhausted, after sleepless nights of horror and unimaginable torments. The burden is even greater for mothers with sick children in wheelchairs.

In the Bucharest and Brasov HOSPICE medical facilities we offer hospitalization and palliative care services for people diagnosed with oncological diseases. Many of them run out of the much needed medication and are now coming to us for support.

We help them unconditionally, as we have been doing for 30 years with our patients, children and adults with incurable diseases. Because hope goes beyond borders.

Only a collective effort can make the difference for these people. We need your support so we can continue to help them!

Support our initiative with a donation in one of the following accounts:

RO05 BACX 0000 0002 7165 6002 (EUR)

RO59 BACX 0000 0002 7165 6000 (RON)

THANK YOU!
